

## [Your Giving Matters](#)

For in-person worship, the offering plates will not be passed, however, offering boxes are located in the narthex. For those worshipping online, your giving matters too. Your continued faithfulness to the mission and ministry of Northwood through your giving is critical as the church's expenses do not stop. Please commit to maintain your regular schedule of giving throughout this time by mailing your gift or using one of the online platforms below for giving electronically:

1. Text NPCHURCH to 73256 and follow the prompts.
2. Visit [www.northwoodpc.org](http://www.northwoodpc.org) and click on the giving tab.
3. Click "Give" under the *ChurchLife app* menu options

## [Garage Sale Update](#)

WOW! Even with all the unusual circumstances surrounding this year's Garage Sale, we were still extremely successful. Because of YOU and the outpouring from friends, neighbors and family members, we were able to exceed \$13,000. What a blessing to the music program.

We are amazed and humbled by all the donations and hard work that went into the success of the sale. And now that 2021's sale is in the history books, it's time to look forward to our annual Garage Sale getting back on track – January 14 and 15, 2022. So start saving your donations, large plastic bags and wire hangers (dry cleaner type) and the sale will be here before we know it. Thank You!!

## [Welcome Guest Organist Dr. Linda Pointer](#)

Our guest organist today is Dr. Linda Pointer. Dr. Pointer teaches Humanities at St. Petersburg College and is retired from regular church work so she can enjoy making music at a variety of churches. We are so happy to have her with us!

## Kids' Corner Preschool—Registration is OPEN

Registration is currently open for the 2021-2022 school year! We have openings in our 2's, 3's, and VPK. Please share the news! You may stop in the preschool office and pick up your registration forms. ## Safety Measures

Since the outbreak of the COVID-19 pandemic, the Commission for the Return to In-Person Worship undertook some additional safety measures to take concrete steps to mitigate the spread of the virus. One of the most notable was the Sanctuary's heating, ventilation, and air conditioning system (better known as HVAC) was permanently modified to include a UV-C disinfecting light. This light kills bacteria, molds, most allergens, and viruses and irradiates the air travelling through the HVAC system prior to it being recirculated. What this means is that even if someone was infected with COVID-19 and was in the sanctuary, the HVAC system's air circulation would pull the air they breathed out through the intake ducts, irradiate the air killing the virus, then return the air back into the sanctuary.
