

## [Your Giving Matters](#)

For in-person worship, the offering plates will not be passed, however, offering boxes are located in the narthex. For those worshipping online, your giving matters too. Your continued faithfulness to the mission and ministry of Northwood through your giving is critical as the church's expenses do not stop. Please commit to maintain your regular schedule of giving throughout this time by mailing your gift or using one of the online platforms below for giving electronically:

1. Text NPCHURCH to 73256 and follow the prompts.
2. Visit [www.northwoodpc.org](http://www.northwoodpc.org) and click on the giving tab.
3. Click "Give" under the *ChurchLife app* menu options

## [Memorial Gifts](#)

If you wish to make a gift to the church in honor or in memory of someone, please be sure to attach the blue Memorial Gifts form to your contribution. Completing the form ensures that we have all the information necessary to properly direct the gift and acknowledge it to both you and the recipient. Forms are located near the memorial book in the Narthex or in the Church Office. Thank you for your assistance.

## [Restrooms](#)

Restrooms are located in the hallway past the Library and in the hallway across from the kitchen. Hand Sanitizers are conveniently located at each exit.

## [Safety Measures](#)

Since the outbreak of the COVID-19 pandemic, the Commission for the Return to In-Person Worship undertook some additional safety measures to take concrete steps to mitigate the spread of the virus. One of the most notable was the Sanctuary's heating, ventilation, and air conditioning system (better known as HVAC) was permanently modified to include a UV-C disinfecting light. This light kills bacteria, molds, most allergens, and viruses and irradiates the air travelling through the HVAC system prior to it being recirculated. What this means is that even if someone was infected with COVID-19 and was in the sanctuary, the HVAC system's air circulation would pull the air they breathed out through the intake ducts, irradiate the air killing the virus, then return the air back into the sanctuary.
